SBB Grant Funding

School and Small Business Energy Efficiency Stimulus Program Fund

- These programs provide grants to improve air quality and energy performance in schools and small businesses through the repair, maintenance, upgrade, replacement, and installation of certain HVAC systems, and the installation of energy efficient and water-conserving appliances. These programs will improve the health and safety of schools and small businesses while creating jobs for labor-intensive projects.

Emergent Projects Fund & ROD Grants

What you need to know?

- \$75 Million in State Funds Released
 - Qualification:
 - Based on Enrollment

The funding is available to Schools Development Authority Districts and Regular Operating Districts to address emergent projects as well as capital maintenance projects, especially for facilities costs to address COVID-19 concerns.

The funding is available to offset district costs associated with ensuring students have safe and healthy learning environments. Districts can use these funds to offset appropriate project costs incurred this fiscal year.
